Re: Birdwell Builders

To Whom It May Concern:

I have been asked to provide a letter of reference in regards to Birdwell Builders. Central Montana Medical Center has used Birdwell Builders exclusively for the past several years. We have always found them to be an organization of high quality standards. They complete their projects on time, at or below the budgeted amount. Bret Birdwell is very involved on site and is involved in the entire project from start to finish. Birdwell Builders crew is also of high professional standards and is courteous to the hospital staff. Over the last three years Central Montana Medical Center has utilized Birdwell Builders for over \$3 million in construction projects. I have no reservations recommending Birdwell Builders for another project.

If I can be of further assistance please call me at 406-538-6200.

Sincerely,

David M. Faulkner, CEO

To Whom It May Concern:

This is a letter of recommendation, written on behalf of Birdwell Builders, general contractors from Lewistown, Montana. We are very pleased to have the opportunity to speak in support of this fine organization.

This firm and specifically this author have been in continuous association with Bret Birdwell since 1994. We have jointly completed approximately a dozen construction projects ranging in size from \$100,000 to \$2,000,000. The majority of these projects have been in the Healthcare field, which is the most stringent arena for construction.

Birdwell Builders attention to detail, communication skills, and organization are not equaled within the scope of our experience. From the office project manager, Andy O'Bleness, through their construction staff, they have quality, experienced personnel. Their coordination and communication with sub-contractors is seamless from our point of view, as we seldom experience any complication. Their relationship with the general public, staff members, and owners is always exemplary.

We recommend Birdwell Builders without reservation. This author would be pleased to speak with anyone having a need for further information concerning our experience with this construction firm.

Sincerely,

Randall N. Burkholder – Healthcare Project Manager
